EDUCATION

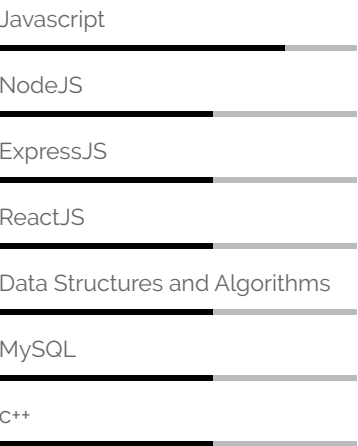

- 

**BSC IN MATHEMATICAL
AND COMPUTER
SCIENCES**

SOL PLAATJE
UNIVERSITY,
KIMBERLEY
2024

As a Bachelor of Science
candidate in Mathematical
and Computer Sciences at
Sol Plaatje University, I have
developed a strong
foundation in computer
science principles, including
object-oriented
programming, algorithm
development, and data
structures. My academic
coursework is
complemented by practical
experience in programming
languages such as
JavaScript, Python, C++, and
SQL. I am eager to expand
my expertise in game
development, and I am
committed to applying best
practices within the software
development lifecycle. My
studies are further enhanced
by hands-on experience as a
university tutor and peer
mentor, where I have
applied my knowledge to
support and guide fellow
students.

SKILLS

ABOUT ME

- 

As a current Bachelor's degree candidate in Computer Science, I bring a solid foundation in software development principles, including object-oriented programming, data structures, and algorithms. My experience with JavaScript, Node.js, Express.js, and other languages reflects a practical approach to building software solutions. I am eager to expand my expertise in game development, and I am committed to applying best practices within the software development lifecycle. My academic journey, combined with hands-on tutoring and mentoring experience, positions me to contribute effectively to the dynamic and evolving field of technology.

WORK EXPERIENCE

- 

PEER MENTOR | FEB 2022 - NOV 2022

SOL PLAATJE UNIVERSITY, KIMBERLEY

Supported students with diverse needs, promoting independent living and personal development.
Facilitated group discussions and shared insights on academic and career-related topics.
Monitored mentees' progress and provided personalized advice and support.
- 

PEER TUTOR | JUL 2023 - NOV 2023

SOL PLAATJE UNIVERSITY, KIMBERLEY

Designed lesson plans, course materials, and discussion questions to facilitate student learning.
Suggested resources and applied learning strategies to enhance student engagement and understanding.
Provided academic guidance on time management, study habits, and critical thinking skills to improve student performance.
